

ROCCAT® KONE AIR

TITAN OPTICAL SWITCH

ROCCAT's Titan Optical Switches provide instantaneous actuation, and incredible durability with a 100 million click life cycle offering a competitive edge game after game.

PLAY-A-LONG

Power up with two AA alkaline batteries to maximize battery life up to 800 hours or use a single battery to achieve a lighter weight for efficient portability.

SMOOTH MOVES

Enjoy pinpoint accuracy and tons of skill shots with ROCCAT's Owl-Eye 19K DPI Optical Sensor, paired with heat-treated pure PTFE glides for smoothest movements.
