MOVA 1000 & MOVA 600

Robotic Lawn Mower

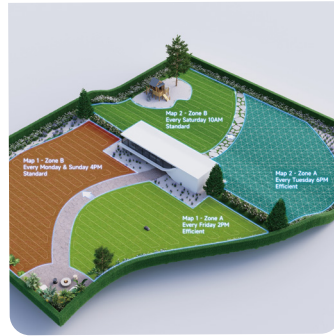

MOVA 1000/600, a high-performance robotic lawn mower guarding the beauty of your garden. Powered by the UltraView™ environmental perception technology, it quickly sets boundaries, locates and navigates with high precision, and avoids obstacles with ease. A palette of adjustable settings and controls accessible through the app cater to all your personalized needs. Moreover, MOVA 1000's off-road wheels enhance the mower's mobility and durability, making it more suitable for complex outdoors.

Key Selling Points

Ultra Sensing, Ultra Simple

MOVA 1000/600 features high-precision with exceptional environmental sensing, making it easy to maintain a neat and tidy yard without complicated boundary setups.

Dual Maps & Multiple Zones in One Mower

MOVA 1000/600 offers dual-map management for separate yards, allowing customizable care with multi-zone and no-go zone options via the MOVAhome App.

Precision Detection, Secure Avoidance

MOVA 1000/600 ensures a safe mowing experience with sensors and outdoor algorithms that detect and avoid yard objects and pets within set boundaries.

Highly Mobile, Durable, and Lawn-Friendly

MOVA 1000's durable off-road wheels deliver superior traction, minimizing slipping and lawn damage for a smoother mowing experience.
